RE: 2015 Solid Waste Annual Report

Dear Lauren:

Pursuant to your request, the Division of Waste Management is granting an extension for submitting Fayette County's 2015 Solid Waste Annual Report until Monday, March 21st, 2016. If you prefer, you can e-mail the final report rather than submitting by mail.

If you need further assistance, please feel free to contact me at 502-564-6716 ext. 4646.

Sincerely,

Lynn E. True

Subject: Solid Waste Management Plan Annual Report form for report year 2015

Dear County Judge Executives, 109 Board Chairs and Solid Waste Coordinators:

Please find attached the Solid Waste Management Plan Annual Report form for report year 2015. As you all know, the information you provide in these forms is critically important for the administration of the Division of Waste Management's many programs. We understand the reporting process is a lot of work for you, and we appreciate your help.

As you may remember, beginning in report year 2013 we provided a newly formatted form (DEP 6061 "Short Form"). The "Short Form" was well received and proved to be an improvement both for the submitters and the reviewers.

Some key changes you will notice with the DEP 6061 "Short Form" include:

- In Section 7, tonnages for in-state landfills are not required.
- In Section 14, Dump Characterization Sheets are no longer incorporated into the report. Latitude/longitude are not required if an illegal open dump has already received a pre-inspection by the Kentucky Department for Environmental Protection (KDEP) and has been assigned an Agency Interest (AI) number.
- In Section 15, litter report and certification forms are incorporated into the report. Signature is required in Section 24.
- DEP 5033 (Municipal Solid Waste Collector and Recycler Registration and Report Form) will be required for each recycler and hauler in your county.

We have received lots of positive feedback on the form made a few more minor changes this year to fix some errors and make the form more readable. As always, we welcome any input or suggestions on this format.

Also, please note that additional annual report reference material, continuation pages, and DEP 6061 "Long Form" (for anyone that is more comfortable with the previous report format) is located at:

http://waste.ky.gov/RLA/Pages/forms.aspx

The Annual Report is due March 1, 2016.

If you have any questions about this package please do not hesitate to contact me or your Local Assistance Section staff representative at (502) 564-6716.

Hi Bill,

Hope you had a wonderful holiday season!

I wanted to check in with you regarding the annual reporting requirements for this year. I hadn't seen any information that has been sent out on that yet unless I missed it or it went to someone else with LFUCG or our Division of Waste Management. If it has already been sent out, could you perhaps provide me with that information, or steer me in the direction of the correct person to contact for that info?

Thank you kindly!

Lauren

24. CERTIFICATION OF SOLID WASTE MANAGEMENT AREA ANNUAL REPORT

I certify under penalty of law that I have personally examined and am familiar with the information submitted in this document, and based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the submitted information is true, accurate, and complete. I certify under penalty of law that all funds from the Anti-Litter Control Program Grant from the Kentucky Division of Waste Management were used for direct expenses, as defined in 401 KAR 49:080 Section 1(2) and Section 3, incurred during the calendar year above associated with anti-litter control programs; for litter cleanup on public roads as provided in KRS 224.43-505; and to meet the requirements established in KRS 224.43-345. The county hereby submits the Solid Waste Management Area Annual Report pursuant to 401 KAR 49:011 Section 7. I am aware that KRS 224.99-010(4) provides for penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

Becoming a zero-waste community.

The newsletter of Lexington-Fayette Urban County Government Division of Waste Management

Resident fills her Rosie and then puts cart out for pick up.

Waste Management services the Rosie with a sideloader truck.

Where do my recyclables go?

Collection truck dumps its load at the MRF.

If you have lived in Lexington for a while, you are probably familiar with the Rosie, the blue cart that houses your recyclables before they are picked up by a Waste Management truck. Do you know what happens to your soda bottles, soup cans, newspapers and boxes after that?

Lexington has a fleet of 128 trucks that collect recyclables, yard waste and landfill-bound trash, and the same truck might not be in your neighborhood every week. Your trash might be emptied into a truck with a yard waste message on the side, or your yard waste might be picked up by a truck with a recycling symbol. Your recyclables are not being mixed with trash; your neighborhood trucks are just being switched for better optimization.

Lexington has "single-stream recycling," which means that all of your recyclables get collected together in one truck. This makes it easier for you to recycle because you do not have to sort your recyclables before you put them into your Rosie.

If you live or work downtown, you might even notice

LABOR DAY: Monday, Sept. 7. Those who normally have their collections on Monday will have their carts serviced on Wednesday, Sept. 9.

We need your help so we can better serve you

Street trees are an important part of Lexington's neighborhoods. But they can also pose problems if they are not properly pruned.

"Maintaining proper street tree clearances ensures that emergency, delivery, and service vehicles such as Waste Management collection trucks have unfettered access to all properties, while providing a safe thoroughfare for pedestrians," says Rob Ballard, Arborist Technician in the Division of Environmental Services.

Property owners are required to prune their street trees to maintain a 7-foot clearance above a sidewalk and a 12-foot clearance above a street.

FALL 2015

PAPER SHRED DAY

In celebration of America Recycles Day, a paper shred is scheduled for Saturday, November 14th from 9 a.m. to 2 p.m. at the old landfill site at 1631 Old Frankfort Pike.

"Thanks to our partnership with Shred-it and other community groups, we are able to give residents an opportunity to not only keep their financial information safe but also ensure that unwanted material is securely recycled," said Tracey Thurman, Director of the Division of Waste Management.

Participation in these events has grown over the years thanks to the support of other community partners. The Links, Inc., Better Business Bureau, and Keep Lexington Beautiful have all supported paper shreds by assisting with promotion and offering volunteers for the event day.

For more information please call LexCall at 311 or (859) 425-2255 or visit www.lexingtonky.gov/papershred.

A NEW LOOK

The Division of Waste Management's newsletter has a new look. Read on to find the same great information on current programs.

GREEN YOUR HALLOWEEN

As you take down spooky decorations, please remember to compost anything made from plants or foliage.

- Compost your carved or whole pumpkins, leaf wreaths and other plant-based decorations in your gray Lenny yard waste container.
- Remove candles, wreath hangers, wires and other non-organic material before placing in the Lenny.

A REMINDER

Put your carts on the curb the night before your collection day and place them at least three feet apart.

MORE HOLIDAY NEWS

Gobble Grease Toss

Friday, Nov. 27
10 a.m. to 2 p.m.
194 N. Limestone

Bring your used cooking oil in a container with a lid to Sayre School for the Gobble Grease Toss. Collected oil will be turned into biodiesel.

Never dump cooking oils or grease down the drain. It can clog your pipes and the sanitary sewer system.

For more information about the Gobble Grease Toss or the holiday collection schedule, call LexCall at 3-1-1 or visit *LiveGreenLexington.com*.

HOLIDAY WASTE TIPS

Christmas trees can be placed at the curb on your regular collection day. Please remove all lights and decorations. Natural trees will be composted at our yard waste facility. Artificial trees will be sent to the landfill. You can also donate your artificial tree to the Habitat for Humanity ReStore. Hours of operation are available online at www.lexingtonrestore.com.

Wreaths, berries, pumpkins and gourds can go in the gray yard waste cart. Please remove all wires, hangers, ornaments and lights.

Unwanted electronics such as computers, hand-held games, small appliances and Christmas lights can be dropped off at our Electronics Recycling Facility located at 1306 Versailles Road. Hours of operation are available online at www.lexingtonky.gov/ecycle.

Holiday cards, boxes and catalogues can be recycled in your blue recycling cart.

Wrapping paper, ribbons, tissue paper and plastic bags cannot be recycled. Place these items in your green waste cart.

For more information about the holiday waste collection, call LexCall at 311 or (859) 425-2255. You can also visit *LiveGreenLexington.com*.

Recycle Responsibly!

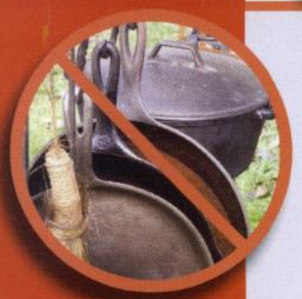
What DOES NOT go in the Rosie?

To find out what DOES go in your Rosie, please turn this sheet over.



1. Metal Items and Tanks

No swing sets, cookware, knives, chains, scrap metal, propane or helium tanks or compressors. Metal items can be dropped off at the Lexington Recycling Center at 360 Thompson Road.

2. Car Parts and Tires

No car parts, tires or batteries. Free collection of 4 tires off the rim is available to residents by calling LexCall (311).

3. Hoses and Cords

No garden hoses, extension cords, ropes or leashes. They get tangled in the machinery. Put in your Herbie (trash).

4. Needles and Syringes

Needles and syringes should be secured in a coffee can or milk jug and put in the Herbie (trash).

5. Clothes Hangers

Hangers can jam the recycling equipment. Donate them to a charity, drop them off at the Recycling Center metal box, or put them in the Herbie (trash).

6. Tarps and Clothing

No tarps, blankets or clothing. These items can get tangled in the machinery. Put in your Herbie (trash) or donate to a charity.

7. Plastic Items

No lawn chairs, laundry baskets, trash cans, toys, blinds, buckets or other plastic items. If items are unbroken, donate to a local charity; if broken, place in your Herbie (trash).

8. Electronics

Electronic items such as TVs, computers, cell phones, radios or microwaves can be dropped off at the LFUCG campus on 1306 Versailles Road.

A Note on Yard Waste

Leaves, brush, small branches and grass clippings should be placed in a gray Lenny cart. Do not put yard waste in your Herbie or Rosie. To request a Lenny cart or for more information about yard waste collection, call LexCall at 311 or (859) 425-CALL.
